FRANK E. HOWE, Editor and Pub.

Saturday, October 30, 1915.

Having elected Horace Graham, Fred Babbitt and Frank Plumley governor the state papers have turned their attention to the lieutenant governorship, but got into a mess right off. Before they got through with the first syllable there was a sound like the rush of waters or wings from Burlington and before the dust settled (metaphor badly mixed) the following Burlington men had been suggested for the office: C. W. Brownell, Max L. Powell, H. B. Shaw, H. S. Peck, Robert Roberts and Martin S. Vilas. Since then it has been whispered around that Speaker John E. Weeks and Roger W. Hurlburt might aspire to the place. With the Burlington eleven between them the campaign ought to be devoid of any unfortunate clash.

President Nichols and Secretary Harris of the Bennington Board of Trade are entitled to a large amount of credit for their efforts to make the trip to Brattleboro a success. It is a good thing for the business men of a town to get out for an exchange of ideas and to see how things are done elsewhere. The Bennington Board of Trade is not well supported and those who went to Brattleboro should see the value of helping the local organization. The Brattleboro board of trade has 258 members and the dues there are ten dollars a year each. The Bennington Board of Trade has about 150 members and the dues here are a dollar a year. As Bennington is a bigger town than Brattleboro the inference is obvious. We can do a little more here in Bennington if we try. Why not try?

LIQUOR AGENT ARRESTED

Bolton's Representative Failed to Have State Secretary's Certificate

Rutland, Oct. 29.—William McMurray of Troy, N. Y., traveling representative of S. Bolton's Sons of Troy was arraigned before Judge F. G. Swinerton in city court yesterday morning on a technical charge of not having a certified copy of the license granted his concern to do business in Vermont, issued by the secretary of state. He pleaded not guilty and bail which was fixed at \$30 was furnished by Mr. Dugan.

The warrant was issued by Grand Juror Charles E. Novak on complaint of a member of the board of license commissioners. In order to do business in this state all concerns must secure a proper certificate from the secretary of state, the fee being \$5.00.

The Bolton concern has such a certificate but for some reason or other Mr. McMurray did not have a copy in his pocket yesterday morning and the law states that all representatives shall carry such copy.

Minister Gives Testimony.

The Rev. C. M. Knigton, Havana, Fla., writes: For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 1-12 bottles when all of the pains disappeared. I am 55 years of age and now feel like a young man again. Sold everywhere.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Popularizing Health

"The directors of the division of hygiene of the Massachusetts state board of health declare health is a commodity to be disposed of, and that it should be advertised as thoroughly as are patent medicines. The work of advertising will make a good job for those in charge, who will travel about and with lantern slides, motion picture films, and lectures set forth the merits of the 'commodity,' but it will be some time before health is distributed by weight or measure. State boards of health do a great work in safeguarding the public, but health is largely a matter of personal conduct and right living."—Brattleboro Reformer.

Well, a good many of us do not know how to live right. Human life is held dear, but as a people we are most extravagant of it because we are ignorant of how to preserve it. Preventive medicine is better than curative. Therefore, a campaign of education is a good thing. It arouses interest and directly and indirectly it accomplishes much. The campaign must be made a popular one; the "movies" are popular. People will not attend a dry as dust lecture by some staid old fossil even though he be chuck full of medical lore, but they will listen to the same facts if they be presented in an interesting way supplemented by motion pictures. Any state that has the money to conduct such a campaign surely should resort to it that people may be made to realize that health "is largely a matter of personal conduct and right living," and that they know how to conduct themselves correctly and live rightly.—St. Albans Messenger.

GERMAN RAIDERS CAUGHT

Six Officers Who Escaped from Norfolk in Hands of British.

New York, Oct. 28.—The six officers of the interned German raider Kronprinz Wilhelm, who escaped from Norfolk, Va., October 10, in the yacht Eclipse, were captured at sea by a British warship, according to information in a letter received here today. The letter was sent to William Wolff, a New York manufacturer, by his mother-in-law, who was a passenger on the steamer Bermudian which left New York for Hamilton last Wednesday.

According to the letter, the Bermudian was stopped a short distance from its destination by a British cruiser which engaged the passenger vessel in wireless conversation. The substance of the talk as told by the

wireless operator of the Bermudian was that the cruiser, the identity of which was not given, had overtaken the missing Eclipse at sea, made prisoners of the German officers and sunk the yacht.

Reports have been current in shipping circles here for several days that the yacht had been seized by a British cruiser believed to have been H. M. S. Melbourne.

ELIOT'S VOTE AGAINST SUFFS

Corrects Erroneous Impression by Premising Ballot to Antis

Boston, Oct. 27.—Dr. Charles W. Eliot, president emeritus of Harvard University, will vote "no" on the woman suffrage amendment next month, referring to newspaper statement which a careless reader might seem to place him in the suffrage ranks. Dr. Eliot has written to Mrs. John Balch, president of the Woman's Anti-Suffrage Association, saying: "I purpose to vote 'no' on the referendum to Massachusetts male voters November next."

Coughs That Are Stopped!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 45 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves the grippe tendencies. Money back if it fails. 50c. and \$1.00. Sold everywhere.

"Just the Thing."

A tailor's work is sedentary. That is why most tailors suffer from constipation. G. W. Roberson, Wichita Falls, Tex., says: "I find Foley Cathartic Tablets the most delightful, cleansing cathartic I have ever taken. They are just the thing." They keep the stomach sweet and the liver active, drive away headache, dullness, tired feeling, biliousness, bloated and other results of clogged bowels. Prompt and effective, without gripe or pain. Stout people praise them for the light, free feeling they give.
